

- Dibujar:

- Draw a classroom that includes the items we learned on Wednesday. You should include at least 12 of the 15 words in the "en la clase" section of the vocabulary and should include multiple items when it makes sense (10 desks for example).
- You can be *creative* with the placement of the items in the room. Maybe the teacher is a hot mess.

24

You must Use color!

At least 12 unique items.
